

ICCSD-2025

The International Conference on Communication and Smart Devices-2025 (ICCSD-2025) aims to provide an interactive forum to discuss research and development related to current as well as next-generation devices and communication systems. It will bring together people from academia, industry, and research institutions. The conference will feature high-class plenary, keynote, and distinguished speakers as well as technical presentations. The ICCSD-2025 will revolve around the main theme, "Connecting Intelligence."

About BIT Mesra

The ICCSD-2025 will be organized by Dept. of Electronics and Communication Engineering, BIT Mesra, Ranchi, a "Deemed University" under Sec. 3 of the U.G.C. Act 1956. It is located at 16 kms from Ranchi. It is one of the most premier Engineering Institutions in India. It was established in 1955 by a visionary industrialist, the late. B.M. Birla. We are one of the 100 institutes that the Honorable Prime Minister, Mr. Narendra Modi, has awarded 5G Use Cases Lab on October 27, 2023.

About Ranchi

Ranchi, the capital city of the Indian state of Jharkhand, is situated on a plateau at about 600 meters above mean sea level. Ranchi is surrounded by hills, waterfalls, forests, and other places of scenic beauty. It is well connected by road, rail, and air routes with all the major cities of India. The nearest airport and railway station to the institute is Ranchi. It has regular flight connectivity with New Delhi, Kolkata, Mumbai, Bangalore, Pune, Raipur, and Patna.

Call for Papers

The authors are invited to submit full papers describing original, previously unpublished, complete research, not currently under review by another conference or journal, addressing state-of-the-art research and development in the below mentioned areas, to the international conference on Communication and Smart Devices (ICCS-25), to be held on January 10-11, 2025 at BIT, Mesra, Ranchi, India.

Author Guidelines

- ❖ Manuscripts reporting original and unpublished research results about the related topics are solicited.
- ❖ The manuscript must be 4 - 6 pages long as per IEEE Conference format. Please download the template from the following link:
<https://www.ieee.org/conferences/publishing/templates.html>.
- ❖ Manuscripts less than four or greater than six pages may be rejected without review.
- ❖ Once a manuscript is submitted, it will be immediately sent for review. Hence, the authors are requested only to submit the final version of the paper. Editing and updating the manuscript after submission will create a problem or unnecessary delay in the review process.
- ❖ At least one author of each accepted paper needs to register under the 'Authors' category to present the work.
- ❖ The participation certificate will only be awarded to the registered author. In case the registered author is unable to present, a co-author, with due permission from the organizers, can present the paper.
- ❖ Only papers presented at the conference will appear in the conference proceedings.
- ❖ For more details click "Link for paper submission".

Tracks

The main areas for submission of the papers will be (but not limited to) the following:

- ❖ Advanced Communication Technologies
- ❖ Smart Device Integration and Applications
- ❖ Security and Privacy in Communication and Smart Devices
- ❖ Machine Learning and AI in Communication Systems
- ❖ Emerging Technologies, Trends and Practical Implementations
