#### **Student Experience:**

From starting to ending of the trip it has been a great 3 days for me. The first day, was an industry visit to Secure Meters, it was a very knowledgeable and interesting visit and I learned various new things. The second day at Sajjan Garh fort and city palace was a blast and have enjoyable moments. If I have to summarize my trip it was a great trip

It was an amazing trip we had a lot of fun and it was such a great experience. Visiting Udaipur with my friend and teachers was such a unique experience. I can never forget these 3 days

"Life is short, and the world is wide." So pack your bags, travel the world because the goal is to die rich with memories and not dreams. This trip was definitely that one break I needed to gather myself. And the best part were the people that accompanied, my teachers and friends. Got to know'em better, got to know myself better. All in all a quality vacation with rich learning experiences.

It was a nice trip which I shall never forget.

A feel trip where we went out and spend some quality time with our friends and professors and got good learning experience.

This was my first trip until now ,and I enjoyed a lot , seeing the places you just wish to travel comes to true. But friends make it more beautiful, they made the trip so entertaining like 3 days passed in a blink of eye. Seeing the teachers smiling, dancing with us in the bus is also special and I won't forget it ever.

A memorable trip and a birthday spent well.
