BIRLA INSTITUTE OF TECHNOLOGY

XXXI CONVOCATION

6th October, 2021

Shri C K Birla

Chairman - Board of Governors
Birla Institute of Technology Mesra

Honourable Governor of Jharkhand and Chancellor of BIT Mesra, Shri Ramesh Bais, Chief Guest, Dr. K Vijayaraghavan, Principal Scientific Adviser to the Prime Minister, Vice-Chancellor, Prof. Indranil Manna, members of Board of Governors, members of Academic Council, faculty members and staff members, alumni, students, degree recipients and their parents, members of print and electronic media, ladies, and gentlemen, it gives me immense pleasure to be a part of the 31st Convocation of BIT Mesra.

We all have been dealing with unusual situations due to COVID-19 pandemic for last one and half years. There had been many adverse impacts of this disease including loss of life and medical complications. Many families have suffered very badly and are still facing difficulties. However, during this pandemic, the teaching learning process, including the assessments, continued uninterrupted through online platforms, and we have adapted ourselves to the online mode. In employment also, work from home seems to be a better option in a few cases. These days, most of the meetings are held in online mode thus saving our travel time and energy. Even in this virtual mode of convocation, there is an opportunity to be a

part of this event while staying at different locations.

Dear graduating students, each one of you must have pursued your respective programmes with full dedication and passion. I understand that you had a difficult time at the later part of your programme due to COVID-19 pandemic. Many of you were not physically present in the campus at the time of completing your programme. Also, the placement opportunities were not very good due to the pandemic and economic recession. Let us hope that the worst is over and very soon the disease will be controlled. The active number of COVID-19 cases in the country has declined substantially after the second wave. There are indications of a better economic growth rate. This is likely to result in lots of employment opportunities in the coming days.

Now you are at the beginning of a splendid future journey. This must be a moment of pride for you, your teachers and parents who have shaped your journey so far. Each one of you can explore the world, work on innovative ideas, and use your wisdom to achieve higher goals in life, with lifelong learning. After being awarded a degree from this Institute, you join the ranks of some very successful alumni of BIT Mesra, acclaimed nationally and internationally.

BIT Mesra in its existence over the last 66 years has remained an institution acclaimed nationally for technical education. With state-of-the-art academic and research infrastructure, BIT has always strived to be realising its vision of imparting world-class technical education in the country and contributing immensely to its growth.

Towards achieving academic and research goals, BIT Mesra has been committed to high-quality research with outstanding facilities and a supportive environment to its faculty members and students. For better achievements in this area, we are willing to provide all possible support to such requirements which can foster quality research. We must also look forward to inculcating new innovative teaching and learning process with enhanced focus on research, innovation, and entrepreneurship.

I express my sincere thanks to the Honourable Governor of Jharkhand Shri Ramesh Bais and the Chief Guest, Dr. K Vijayaraghavan, Principal Scientific Adviser to the Prime Minister for their esteemed presence on the occasion of 31st Convocation of BIT Mesra. I am also thankful to all those who have made this day possible. I congratulate all the graduating students and wish them a very happy and prosperous life full of achievements.

Thank you.

Professor Indranil Manna
Vice Chancellor
Birla Institute of Technology Mesra

His Excellency, the Honourable Governor of Jharkhand and Chancellor of BIT Mesra, **Shri Ramesh Bais**; Chief Guest, **Dr. K Vijayaraghavan**, Principal Scientific Adviser to the Government of India; Chairman, Board of Governors, **Mr C.K. Birla**; Members of Board of Governors (BOG); Members of the Academic Council; Faculty members; Students; Degree and Award Recipients and their proud parents; Members of the Print and electronic media; and Friends: JOHAR, most cordially, I welcome you all to the 31st Convocation of Birla Institute of Technology Mesra, Ranchi. It is my honour and privilege to present an abridged report on the activities of BIT Mesra since last convocation on 12th December 2020.

BIT Mesra is not only one of the oldest Institute of Technology in the country but also is a pioneer in initiating disciplines like Space Engineering and Rocketry, Remote Sensing, and setting up of the first Science and Technology Entrepreneurship Park in the country. BIT Mesra has been consistently ranked amongst the leading self-financed Technological Universities of the country. The Institute offers academic programmes in all major disciplines of Engineering and allied Sciences at the tertiary level with over 580 faculty members and over 10,000 students spread across various campuses

including the main campus in Mesra, Ranchi. Of late, the Institute has taken a major drive to augment teaching and research infrastructure, induct competent faculty members at various levels, strengthen the research programs and enhance career growth opportunities for the students with a strong campus placement program.

Before I present my report, it is most pertinent to mention that we are still going through possibly the toughest challenge in our lifetime not just in this city or the country, but the world over, all due to an invisible threat called Covid-19 virus that is much smaller than the diameter of

our hair and yet capable of causing 4.5 lakh deaths in India and over 45 lakhs worldwide, with over 3.4 crore affected in India and 44 crores worldwide (17% of the world population). There is not a single family or acquaintance around us who has not suffered a loss. Yet, thanks to the vaccination drive, we are slowly but steadily inching toward normal life. But the threat is not yet over and catastrophe can strike us again if precaution or providence is compromised. Let us not forget that BIT Mesra itself suffered several casualties which we deeply mourn and lament. I would now like to take this opportunity to present a brief report of the salient activities of the Institute, undertaken during the academic year 2020-21.

1. ACADEMIC ACTIVITIES

Academic excellence always demands a synergy between teaching and research connected to dissemination and creation of knowledge as the principle theme of tertiary level education that necessitates close coordination among curricular teaching in the classroom, training in the laboratories and workshops, conducting research at doctoral or higher level is absolutely essential. Holistic education must focus on inculcating the spirit and culture of virtuosity, dedication and truthfulness. The students must realize that they are the biggest hope for the nation and hence must be reminded about their sacred duty to the nation and the society. BIT Mesra is fully committed to adhere to this core value of engineering education.

I am glad to inform that the total number of degrees and diplomas being awarded to the 2020 and the 2021 graduates, on the occasion of 31st Convocation, is 6555 which includes 109 Ph.D. degrees. In the academic year 2019-20, a total of **1301** degrees are being awarded from Mesra Campus comprising **60** PhD, **446** post-graduate and **795** undergraduate degrees. During the same period, a total of **2198** degrees are being awarded for all other campuses which include 15 PhD, **205** post-graduate and **1667** undergraduate degrees. In the current academic year 2020-21, a total of **1278** degrees are being awarded from Mesra Campus comprising **23** PhD, **441** post-graduate and **814** undergraduate degrees. During the same period, a total of **1778** degrees are being awarded for all other campuses which include **11** PhD, **179** post-graduate and **1406** undergraduate degrees.

The BOG in its 68th meeting approved change in the name of Department of Bioengineering as Department of Bioengineering and Biotechnology, Department of Production Engineering as Department of Production and Industrial Engineering.

BIT is keen to launch new areas of education with a multi-disciplinary and innovative approach. Accordingly, we have announced the launch of Centre for Quantitative Economics and Data Science (CQEDS) which will offer a new and innovative 5-year integrated B.Sc + M.Sc course in Quantitative Economics and Data Science (QEDS). Admissions to this program will be based on JEE Main score through central counselling of JoSAA and CSAB 2021. The BOG approved the creation of CQEDS and commencement of the program. From the current academic year the admissions to all the Integrated M.Sc programs would be based on the All-India Rank in JEE(Main) and the central counselling process of JoSAA and CSAB.

It has also been approved that there will be implementation of 10% reservation of supernumerary seats for Economically Weaker Section (EWS) in all undergraduate and postgraduate programmes from Academic Year 2021-22, though this was being followed based on Government notifications for previous years as well.

Board approved the proposal to declare a fixed day in December as Alumni Day to establish direct contact with the alumni of the Institute. The institute shall invite its alumni and celebrate Alumni Day on this specific day every year.

2. RESEARCH & DEVELOPMENT ACTIVITIES

As already mentioned, if teaching is one side of the technological education imparted in BIT Mesra, research is the other side that

complements the sacred pursuit of knowledge in the science and technology domain. The quality of R&D activities conducted at BIT Mesra has fetched approval and sanction of several R&D projects financed by premier National or International agencies like DST, BRNS, ISRO, DRDO, ARDB, DBT, CMPDI, AICTE, ICMR, TRIFED, ICSSR, Ministry of Panchayat Raj, and Government of Jharkhand. During this academic year, the total funding received by the Institute for on-going R&D Projects is Rs 914.44 Lacs. 54 projects are currently ongoing for all the campuses.

In the academic year 2020-21, there has been a significant increase in the number of Institute Research Fellows (IRFs). Around 68 new IRFs were selected for research at the doctoral level, substantially boosting the research environment of the Institute. Funding for existing and newly inducted IRF has increased to over 5 crores.

The Institute with all its campuses has published **531** peer reviewed papers in Journals including **264** in journals covered by the Web of Science. **281** publications appeared in Proceedings, Books and Book Chapters. Total citation received by researchers of BIT Mesra during 2021 in SCI-Expanded, SSCI, A&HCI, ESCI and similar databases are **5827**.

3. NEW PHYSICAL AND DIGITAL INFRASTRUCTURE

With time, science progresses with surprise discoveries, engineering produces new inventions and technology advances with recent innovations. To keep pace with the changing time and scenario, it is absolutely essential that the teaching, research, administrative and residential infrastructure is augmented and modernized to allow the students, scholars and faculty members to remain relevant and competitive with the rest of the world. BIT Mesra is committed to invest over Rs 300 crore in the next 3-5 years to build the state of the art infrastructural facilities to support academic and research within the curriculum and outside. The major steps undertaken now are:

The New Academic Tower:

The New Building will create spaces for standard, latest and advanced educational facilities with a total floor area

of approximately 1.5 lakh sqft. The new building will provide outstanding accommodation for research activities within the faculty and research scholars. The new building is expected to demonstrate an outstanding level of quality in relation to functional spaces of all of the disciplines and also will fulfil the aesthetics in all respect. It should demonstrate the best practices of Architecture, Engineering, Services, and Construction and finally will cover Green Building Concept.

The New Residential Towers:

The proposed project is planned within the faculty and staff residential complex, on a total plot area of approximately 13.11 acres in the outer campus of the Institute, to accommodate more than 100 faculty & staff qtrs. This residential complex finally will be developed with a few more additional residential towers for faculty and staff housing with modern civic amenities, water body, children park, jogging track and walking trail.

Hostel expansion & renovation:

These projects are necessitated due to continuous expansion of various domains of Engineering and Allied Branches, as mandated in Institute's mission and accordingly increasing intake of students in each stream. A few existing hostels are being renovated with better finish and modern facilities. A few other hostels will be expanded both vertically and horizontally to accommodate more number of students.

The Institute has taken up several expansion & renovation projects which includes: (i) Vertical extension of one additional floor on existing Music Room Building for student's activities; (ii) Renovation and restructuring of existing Open Air Theatre for student's activities; (iii) Vertical expansion of one additional floor on existing Student's Canteen to provide a separate Canteen for faculty and staff members. This infrastructural upgradation is not only being implemented in our Main Campus but at Institute's other Campuses also.

Digital Infrastructure:

As part of the upgradation of digital infrastructure in the Institute, an Expression of Interest was sought from various vendors to install a new Telephone Exchange in the Institute. The new exchange shall have a broad spectrum of features, including support for IVRS, DID/DOD ad hoc conferencing, etc. The enhanced capacity of the proposed exchange will allow all faculty members to have access to an intercom connection at their desks. The exchange shall also seamlessly integrate with the internet facilities of the Institute and thus support IP telephony and VoIP.

The Institute had also sought expression of Interest from various vendors regarding the establishment of an FTTH infrastructure. As a part of the proposed FTTH, all faculty quarters shall be provided internet access in the first phase. This shall allow faculty members to access the Institute's entire digital resource base from their places of residence.

Institute is engaging with some of the top academic ERP providers in the country to scour for a new ERP system. The ERP system shall be deployed to cover all aspects of the Institute's operational verticals. A final choice of vendor is expected within this financial year itself. The new ERP shall substantially reduce the manual paperwork in the Institute and further the drive towards a "single window" mode of operation in the Institute.

4. FACULTY DEVELOPMENT

To uplift the quality of teaching to undergraduate students, particularly to those admitted to first year of BTech courses, the institute decided in January 2021 to launch a large recruitment drive of competent faculty members at various seniority level across all disciplines. Initially, a few senior and renowned professors who recently retired from IITs and NITs were recruited as Adjunct Professors on trial basis to teach at least two modules of a course in SP 2021 semester. As the feedback of students were excellent indicating that the teaching was

highly beneficial to them, the institute decided to increase the numbers of such senior level faculty members as Adjunct and Visiting Professors. The selection was conducted by a peer committee with the former Directors of IIT Kharagpur and IIT Delhi. The committee recommended a total of 22 professors for the Academic year 2021-22 (comprising semesters MO/21 and SP/22).

In order to further strengthen the talent pool of teaching faculty of BIT Mesra, the Institute advertised for Faculty Recruitment in 15 out of the 17 Departments in December 2020 and received a total of 1951 applications of which 1836 applications technically qualified as per advertisement norms and were evaluated by a committee formed of retired academicians and R&D personnel with emphasis on (a) academic credentials, (b) research record, (c) professional career and (d) recognition and awards.

Based on the above criteria, 378 prospective candidates were shortlisted including fifteen internal candidates who qualified under Career Advancement Scheme (CAS) for cross-cadre promotions. In this three-tier evaluation and selection exercise, the Institute eventually selected 59 new faculty members as Assistant Professors across the Departments and External Campuses. In addition, 12 faculty members were promoted from Assistant to Associate Professor level in six Departments and two faculty members were promoted to full Professors from Associate Professors in two Departments under CAS.

Faculty members from various Departments were nominated as Keynote speakers and Session chairs and have received best paper awards in National and International conferences and seminars, the details of which are provided in their individual Department reports.

BIT faculty members have won accolades by receiving the INSA Teachers Award from INSA, New Delhi and Best Researcher Awards from New Science Inventions by Science Fathers. Some other colleagues have marked their presence in State-level Environmental Appraisal Committees and State Legal Services Authorities.

5. COLLABORATIONS / EXCHANGE PROGRAMS / MoUs / VISITS

BIT Mesra strongly encourages its faculty members and scholars to actively pursue collaborations, exchange interactions and visits to industry and renowned institutions to learn about new opportunities and broaden their horizon of activities. In the process, we sign memorandum of understanding (MoUs) for structured and committed interactions and mutual visits. In this regard, 8 MoU's have been signed during the academic year 2020-21 with reputed Academic Institutions, Research organisation, Industry, Government. establishments (like CRPF). Due to COVID Pandemic, students were offered online internship only. During 1st July 2020 – 15th September 2020: two students took online internship from Illinois Institute of Technology, Chicago and 10 students are pursued internship with the Illinois Institute of Technology, Chicago.

6. STUDENT ACTIVITIES and ACHIEVEMENTS

BIT Mesra encourages all its students should indulge in extra-curricular activities and skills beyond one's subject major. We have over two dozen student activity clubs with an annual budget of over one crore rupees. These student-managed initiatives allow students to hone and showcase their talent and leadership qualities by organizing and participating in various programmes of social, cultural, and technical in nature in India and abroad.

Due to Covid Pandemic the numbers of events had to be significantly curtailed this year. Yet a total of 66 cultural events and 67 technical events were organised. Team Srijan has continued its legacy and brought accolades for BIT Mesra by winning the Innovative Concept Award at the Formula Bharat 2021 EV Virtuals and the team came 4th in the Business Plan Category, leaving behind many IITs and NITs.

Team Srijan were among the two teams representing India at the Formula Student UK 2021 where it bagged the 2nd place in Asia. The

other team that could qualify for the event and represent India was from IIT Bombay.

7. PLACEMENTS

Placement is an important chapter in the annual calendar of the Institute. Talented students from each graduating batch are picked up by the prospective employers looking to reinforce their human capital with fresh talents and future leaders. In the Campus Recruitment Programme of 2020-21, around 120 recruiters (business houses and engineering organizations) from different sectors visited for full time recruitment and internship and offered suitable employments to 539 of our final year students. Despite the glut due to global pandemic and decline in economy, BIT students were on high demand like previous years. The students from Mesra campus received an average package of INR 10.34 lakhs per annum and the highest salary of INR 51.76 lakhs per annum for undergraduate engineering programme

8. INSTITUTE RANKINGS / ACCREDITATION / BRANDING / CSR

The Institute actively exercises quality initiatives like academic audits, examination reforms conforming to the rules and regulations of regulatory bodies, pre and post accreditation assessments, collaborative initiatives, etc. Currently all its UG programs and eligible PG programs are approved by AICTE. Also 75% for the UG programs, and around 40% for the PG programs are NBA accredited.

BIT Mesra has ranked in NIRF-2021 with 46th position among Engineering Institutes, 86th position under University category. BIT has current NIRF rankings of 26th in Pharmacy and 14th in Architecture categories.

9. ALUMNI ACTIVITIES

An Institute is not just a brick and mortar establishment offering degrees at the end of a tunnel, it is a living entity thriving on its constituents like the students and scholars, the faculty and staff

members, the administrative staff and its evolving academic and research programme. Therefore, it is only apt that an Institute of higher learning as reputed and important as BIT Mesra should celebrate its own 'birthday' every year to affirm that the Institute is alive and kicking. Accordingly, BIT Mesra decided to host the maiden and a grand online event of "Foundation Day" on 15th July 2021 celebration to the past, present and the future and pledged to hold a similar function every year.

Like proud parents, alumni are the biggest certificates that an alma mater can proudly display and gloat. It is with this philosophy, while the Institute decided to celebrate its Foundation Day (or birthday!) each year, it also resolved, as advised by the Chairman, Board of Governors, that BIT Mesra will henceforth honour and award the most illustrious alumni each year, through the BIT Mesra Alumni Association (BITMAA), not only to celebrate their eminent achievements but also to inspire the present and future generations to emulate them and make the BIT family more proud.

Utilizing the platform of Foundation Day, BIT Mesra honoured its most illustrious alumni with Distinguished Alumnus and Alumna awards for commendable contributions in categories of (a) Engineering, Technology and Entrepreneurship, (b) Leadership in Corporate World, Industry, Academia and Research Institutions, (c) Excellence in Teaching and Research in Engineering and Technology, (d) Service to Society in India and abroad, (e) Distinguished service in any of the above categories by an illustrious alumna, (f) Distinguished service in any of the above categories by an illustrious alumnus or alumna, below 40 years of age.

The Institute appointed a consulting firm to advise on restructuring the alumni association and streamlining its activities. Accordingly, a reputed consultant, M/s Ernst & Young was engaged to suggest a robust structure of an institute owned Alumni Cell, located at our Mesra campus, in line with leading institutes in India and abroad. The

Chairman BOG accepted the recommendation made by this consultant and decided to register a new entity BITMAA (Birla Institute of Technology Mesra Alumni Association) which will act through EBA (Executive Board of Alumni) and SCA (Steering Committee of Alumni) with representations from alumni chapters in India and abroad including BITOSA Global.

The Institute is also sincerely working toward creating its own database of the entire pool of alumni since inception and establishing direct contact with them through the office of DAIR. The Institute has launched an alumni portal with about 40000 registered alumni in it which acts as a platform for interactions with them.

10. EPILOGUE

Dear Students, in this august assembly of the thirty first convocation, I congratulate and commend each one of you on your praiseworthy achievements and extend my best wishes to the entire graduating batch. Remember that your bond with the alma mater is as indelible as your ties with your parents and will remain a part of your professional identity forever. While you have reasons to feel happy about reaching an important career milestone today, this occasion must also make you feel extremely indebted to your parents for patiently providing strength, inspiration and support since childhood to reach this day. The degree scroll that you have earned today bears testimony to their love and affection as much to your sincerity and dedication to earn this recognition. Let this certificate encourage you to be the agent for change that you wish to see around you. While you soon embark on your professional voyage soon to vanquish the real world, I would like to share some of my thoughts with you.

Gurudev Rabindranath Tagore also said: *'The highest education is that which does not merely give us information but makes our life in HARMONY with all existence'*. This profound statement only signifies that we are a social being and no achievement can ultimately please us that is selfish and upsets the social fabric.

I would like to recollect these few lines from "The Master as I saw him" as narrated by Sister Nivedita on a small discourse after a class in London in 1896 taken by Swami Vivekananda. Swamiji uttered with great force:

"What the world wants today, is twenty men and women who can dare to stand in the street yonder and say that they possess nothing but God. Who will go? What the world wants today is character. The world is in need of those whose life is one burning love, selfless. The love will make every word tell like a thunderbolt."

Let the flame of knowledge culminating in self-realization kindle your spirit to the higher and higher domains of purity and let the world enjoy the fragrance of this vibrant soul. May God bless you with wealth, health, happiness and peace, may you prove yourself a worthy son or daughter of this great nation, may each one of you scale so high that we never tire of extolling you and basking in your glory. Above all, may your unstinted effort and stoic devotion turn victorious sooner than later without you consciously chasing it!

Thank you, Namaskar and Jai Hind!

Dr K VijayRaghavan

Chief Guest

Principal Scientific Adviser to the Government of India

Namaskar! Shri Ramesh Bais, Governor of Jharkhand, Shri CK Birla, Chairman, and Dr. Indranil Manna, Vice-Chancellor of Birla Institute of Technology, Mesra; I am honoured to be here at Birla Institute of Technology, Mesra's Convocation ceremony, and it feels delightful to be amongst the graduating class. BIT Mesra is one of the most famous and oldest institutes in the country, and when I was a student in Kanpur, the best Ph.D. students studied there had graduated from BIT Mesra. Therefore, it's a great tradition that has been passed in this graduating class of bright young people.

As you go out into the world, you will find two kinds of treasures - one is to get yourself a job and a livelihood to survive, and the other to change and save the world. One should listen to both these viewpoints but not feel significantly pressured. There are a lot of demands on what young people need to do, which are not new to human civilization, but they are much more critical than ever before. Let me briefly tell you the kind of pressures that all of us will face and why you young people will have the opportunity to address all these problems.

Today's world is different from a few thousand years ago when humans started domesticating plants and animals. At that time, the way humans viewed their lives was

somehow to survive. With their ingenuity, they managed to look at the plants around them, took to agriculture, looked at the animals, and started domesticating. These were great liberating forces for the expansion of human life. Still, very rapidly in this process, they started seeing two things happening. The nutrition in the soil began depleting. The other was the population growth that required creating a structure of livelihood distinct from agriculture. These two kinds of activities resulted in humans expanding

in many ways. Later, at the dawn of the early twentieth century, Germans invented the Haber-Bosch process, which captured nitrogen from the atmosphere, allowing them to make fertilizers through which agriculture took off in a big way.

Even in that time, industrialization took off in a big way, which led to the consequences we see of the first, second and third, and now fourth industrial revolution. The result of these revolutions has been something very dramatic in human history. Humans moved from being mere survivors of this planet to those who control the planet and are changing it. In other words, we are the stewards of the planet and not just surviving on it. So far, though, human evolution has been overtaken by our cultural revolution much more than the biological revolution. In human

evolution, we have always relied on our ingenuity to get by during a crisis. People used to say copper would run out, and human ingenuity did not make that a debilitating problem. People said that the human population would choke the earth, and we found ways to produce more food, more products, and still survive. This goes for every kind of challenge we have faced, from earthquakes and tsunamis to floods and so on, but this has led to a situation that has taken the planet to a precipice. The consequences of unbridled human development led largely by the countries of the west and creating great asymmetries in wealth across the globe have also taken the planet towards problems coming from climate change, loss of biodiversity, dramatic effects on the environment, and unsustainable cities and difficulties in having a livelihood. All of this needs to change; a promise of human ingenuity cannot now recover it. Human ingenuity now has to be collectively brought together to address these problems, and that is the big challenge we have. Fortunately, there are many tools available now to mitigate and adapt to climate change and to have sustainable development and equity, and access to the globe. But this requires us to come together, so we need to have a new vision of humanity where individualism, parochialism, and nationalism are

secondary to the collective good of all humans. In the past, we used to have Mahatma Gandhi, Nelson Mandela, or Martin Luther King as inspirational people. Still, today's complexity requires not just individuals but collective action, and collective action can come from young scientists and technologists such as you, and collectively you all need to be much more than the great individuals from the past. If you work together and get science and technology focused on a sustainable manner across countries and continents in a manner where climate change and sustainable development goals are met; where we preserve biodiversity, and make sure that we ensure there is equitable access to all goods and prosperity for all.

Thank you.

श्री रमेश बैस

झारखंड के माननीय राज्यपाल और कुलाधिपति, बिरला प्रौद्योगिकी संस्थान, मेसरा

जैसे उच्च शिक्षण संस्थानों ने नियमित रूप से ऑनलाइन कक्षाएं और ऑनलाइन मूल्यांकन आयोजित किया और इस महामारी में भी शैक्षणिक कार्यक्रम सुनिश्चित किया। मैं जानता हूँ कि आपके शैक्षणिक कार्यक्रम के अंतिम कुछ महीने सामान्य नहीं थे। आप में से कुछ लोग कोविड-19 महामारी के प्रतिकूल प्रभाव से पीड़ित थे। मैं इन परिवारों के दर्द और पीड़ा को समझता हूँ। तेजी से टीकाकरण कार्यक्रम और देश में बेहतर स्वास्थ्य देखभाल के बुनियादी ढांचे के साथ इस महामारी को नियंत्रित करने में काफी हद तक सक्षम रहे हैं।

यह कहते हुए मुझे अपार प्रसन्नता हो रही है कि बी.आई.टी. मेसरा झारखंड राज्य में एक अग्रणी तकनीकी संस्थान रहा है तथा गुणवत्तापूर्ण तकनीकी शिक्षा और अनुसंधान के लिए जाना जाता है। इस संस्था के पूर्व छात्रों ने देश के विकास में बहुत योगदान दिया है। कई पूर्व विद्यार्थियों ने अपने कार्यों से विदेशों में भी ख्याति अर्जित की है। मुझे विश्वास है कि यहाँ के वर्तमान छात्र इस गौरवमयी विरासत को जारी रखेंगे।

मैं इस दीक्षांत समारोह के अवसर पर सभी उपाधि ग्रहण करने वाले विद्यार्थियों से कहना चाहूँगा कि केवल उपाधि लेना ही जीवन का मकसद नहीं होना चाहिये। शास्त्रों में भी कहा गया है कि विद्या विनयशील बनाती है, विनयशीलता से पात्रता आती है, पात्रता से धन की प्राप्ति होती है और धन प्राप्ति से धर्म और सुख मिलता है। आज के वैश्विक परिवेश ने युवाओं को अनेक स्वर्णिम अवसर प्रदान किये हैं किन्तु चुनौतियाँ भी कम नहीं हैं। हमारे विद्यार्थियों को इन चुनौतियों का समाधान करते हुए जीवन में सफलता के शिखर पर चढ़ना है। जिन्दगी के चौराहे पर भटकना नहीं, सही दृष्टि के साथ सही राह का चयन करना है और समय की कीमत को भी समझना है। आपको जीवन के कर्म-क्षेत्र में प्रवेश कर अपनी दक्षता एवं प्रतिभा से अपनी पहचान स्थापित करनी है।

आप जिस किसी भी क्षेत्र में कार्य करें, उसमें उत्कृष्टता अर्जित करने की ओर सतत प्रयासरत रहें। आप कभी भी अपने-आपको कमजोर न समझें, सदा मजबूत इरादों के साथ लक्ष्य को प्राप्त करने की दिशा में आगे बढ़ें और अपनी प्रतिभा से सफलता का ऐसा परचम लहराएँ कि आपको यह विश्वविद्यालय ही नहीं, बल्कि पूरा राज्य और राष्ट्र आदर्श उदाहरण के रूप में प्रस्तुत करें।

एक बार पुनः मैं सभी उपाधिधारकों को उज्ज्वल भविष्य की शुभकामनाएं देता हूँ और आशा करता हूँ कि आप एक बेहतर नागरिक के रूप में देश और समाज के विकास में योगदान देंगे।

जय हिन्द! जय झारखंड!

बी.आई.टी. मेसरा के 31वें दीक्षांत समारोह के अवसर पर मुख्य अतिथि डॉ. के. विजयराघवन, प्रधानमंत्री के प्रधान वैज्ञानिक सलाहकार, शासी मण्डल के अध्यक्ष श्री सी. के. बिरला, कुलपति प्रो. इंद्रील मन्ना, शासी मण्डल के सदस्य, अकादमिक परिषद के सदस्य, संकाय सदस्य और स्टाफ सदस्य, पूर्व छात्र-छात्राएं, डिग्री प्राप्त करने वाले विद्यार्थी और उनके माता-पिता, प्रेस एवं मीडिया के साथियों, देवियों और सज्जनों,

जोहार!

सर्वप्रथम मैं उपाधि ग्रहण करने वाले सभी विद्यार्थियों को बधाई एवं शुभकामनाएँ देता हूँ। मैं इस अवसर पर शिक्षकों एवं अभिभावकों को भी बधाई देता हूँ जिनके कारण उन्होंने ये उपलब्धि हासिल की है। इस विश्वविद्यालय के कुलाधिपति के रूप में इस दीक्षांत समारोह की अध्यक्षता कर रहा हूँ जिसका आयोजन वर्चुअल रूप में किया जा रहा है। दीक्षांत समारोह में व्यक्तिगत रूप से उपस्थित होकर आपके बीच रहता तो प्रत्यक्ष रूप से आपलोगों से मुलाकात होती। कुछ समय आपके बीच रहता तो मुझे ज्यादा प्रसन्नता होती। विगत डेढ़ साल से अधिक समय से पूरी दुनिया कोविड-19 महामारी का सामना कर रही है। देश ने इस महामारी की दूसरी लहर के दौरान बहुत कठिन समय देखा है। लोगों की पीड़ा का वर्णन नहीं किया जा सकता है।

कोरोना महामारी ने हमारी शिक्षा व्यवस्था को भी काफी प्रभावित किया। मुझे अवगत कराया गया कि प्राथमिक शिक्षा स्तर पर, ग्रामीण क्षेत्रों में, गरीब लोगों के बीच उपकरणों की कमी और पर्याप्त इंटरनेट सुविधा न होने के कारण इस नए वर्चुअल रूप को लागू करने में समस्याएँ थीं। हालांकि, बी.आई.टी. मेसरा

Master of Technology (Electrical Engineering)

S.N.	ROLL NO	NAME
11	MT/EE/10023/19	PRIYA VERMA
12	MT/EE/10010/19	SHALINI SHEKHAR
13	MT/EE/10020/19	SHUBHAM KUMAR SINGH
14	MT/EE/10001/19	SUPRAVA PODDAR
15	MT/EE/10028/19	TRISHA
16	MT/EE/10026/19	VARUNI
17	MT/EE/10007/19	DEBASISH ACHARYA
18	MT/EE/10024/19	NAWAL KISHORE SINHA
19	MT/EE/10006/19	PRITY SONI
20	MT/EE/10004/19	SHRUTI PRAJAPATI
21	MT/EE/10013/19	SHUBHAM KUMAR
22	MT/EE/10012/19	SOUVIK BERA

Master of Technology (Energy Technology)

S.N.	ROLL NO	NAME
1	MT/ET/10002/19	RAJPUT BHARATH BHUSHAN SINGH
2	MT/ET/10001/19	VIVEK VICTOR DUNG DUNG

Master of Technology (Environmental Science and Engineering)

S.N.	ROLL NO	NAME
1	MT/ENV/10006/19	ABHIMANYU SINGH
2	MT/ENV/10005/19	DIPTI THAKUR
3	MT/ENV/10008/19	GURPREET SINGH DHILLON
4	MT/ENV/10004/19	NEETI RAJAN
5	MT/ENV/10011/19	SHAH AL NAWAJISH
6	MT/ENV/10010/19	SOMYA SADAF
7	MT/ENV/10007/19	SOUMESH KUMAR DASH

Master of Technology (Information Security)

S.N.	ROLL NO	NAME
1	MT/IS/10004/19	PRINCE KUMAR
2	MT/IS/10001/19	RAJANI RANJAN

Master of Technology (Information Technology)

S.N.	ROLL NO	NAME
1	MT/ITY/10007/19	ANURAG KANDULNA
2	MT/ITY/10005/19	JAIRAJ SINGH
3	MT/ITY/10003/19	JYOTASANA BHARTI
4	MT/ITY/10009/19	KANAK OHDAR
5	MT/ITY/10002/19	SHAUMYA ANURAG
6	MT/ITY/10006/19	SHRIYA SINHA
7	MT/ITY/10004/19	SONY SUMAN

Master of Technology (Mechanical Engineering)

S.N.	ROLL NO	NAME
1	MT/MEC/10006/19	DHIRAJ KUMAR
2	MT/MEC/10009/19	RANJAN KUMAR
3	MT/MEC/10001/19	SUBHOLAGNO MITRA
4	MT/MEC/10007/19	VIKAS CHOUDHARY
5	MT/MEC/10003/19	AYAN SENGUPTA
6	MT/MEC/10002/19	MUKUND KUMAR
7	MT/MEC/10005/19	SHUVENDU SHIVAM

Master of Technology (Remote Sensing)

S.N.	ROLL NO	NAME
1	MT/RS/10009/19	ANANYA PAUL
2	MT/RS/10002/19	BHAVNA SHARMA
3	MT/RS/10010/19	KSHITIJ DIVYANSH
4	MT/RS/10007/19	MILAN SAMANTA
5	MT/RS/10008/19	NIRJHAR JYOTI BISWAS
6	MT/RS/10003/19	POULOMI CHATTERJEE
7	MT/RS/10006/19	RAJARAJAN V
8	MT/RS/10001/19	RAJAT
9	MT/RS/10005/19	SUMEDHA SHARMA
10	MT/RS/10004/19	SWARN SHIKHA

Master of Technology (Space Engineering and Rocketry)

S.N.	ROLL NO	NAME
1	MT/SER/10002/19	DHRUMITKUMAR SURESHBHAI PATEL
2	MT/SER/10001/19	LAGOON BISWAL

Master of Urban Planning

S.N.	ROLL NO	NAME
1	MUP/10011/19	AAKRITI
2	MUP/10006/19	AAYUSH RAJ
3	MUP/10004/19	ADITI
4	MUP/10012/19	ALOK SKANDH
5	MUP/10008/19	NISHAT AFSHAN
6	MUP/10005/19	PRAGATI RAJ
7	MUP/10013/19	RIYA GEMNANI
